## **PIPELINE STREET CROSSING PROCEDURE**

The Public Works and Engineering Department initiates the application for a pipeline street crossing permit that covers pipelines through which gas or liquids move in transportation and which are operated as a single unit under normal operating conditions, including but not limited to spurs, laterals, valves, corrosion protection devices, and other appurtenances attached to and part of the operation of the pipelines. Each gathering system shall be treated as one pipeline.

The following is a step by step procedure to obtain a **NEW** pipeline permit:

- ✓ Applicant submits a complete Pipeline Street Crossing Permit Application Package to the Pipeline Coordinator (see additional information page for details). In the meantime, applicant contacts and submits construction drawings to PWE - Plan Review Group (see Additional information page for details).

New Pipeline Street Crossing Permit Application submittal must include:

- **New Application**

The application form must be signed by owner or officer of the company. If the application is not completed properly, the applicant is responsible for correcting and returning within the allocated time. Fax or email versions will not be accepted.

- **Insurance**

Certificates of insurance or official documents showing that permittee satisfies the self-insurance requirements by Section 40-234(p), Code of Ordinances.

- **Fees**

All fees in according with Sec. 40-234. (f) Article IX of Chapter 40 of the Code of Ordinances, Houston, Texas states permittee shall pay fees to the city on or before the stated due date.

Pipeline Coordinator reviews all submitted documents and maps/drawings and notifies applicant of any deficiencies in the street crossing package.

The following six bullets are City of Houston Internal Procedures:

- Identify all streets crossings within the corporate city limits.
- Request Legal Assistance to write the ordinance from our Legal Dept.
- Prepare and submit RCA for Departmental approval.

**City Of Houston**  
Public Works and Engineering  
Planning and Development Services

- Submit for approval to Agenda Director and City Council Members.
- Applicant will be informed of Agenda date and item number.
- Within 30 days of Ordinance passage applicant will submit a letter of acceptance filed with City Secretary.

**Annual Fees**

Sec. 40-234. (f)(3) Article IX of Chapter 40 of the Code of Ordinances, Houston, Texas states permittee shall pay the following fees to the city on or before the stated due date.

A fee of \$1,000.00 per person due and payable January 1<sup>st</sup> of each year during the term of a permit ordinance.

The following is a step by step procedure to obtain an **EXISTING** pipeline permit:

- ✓ Applicant submits a complete Pipeline Street Crossing Permit Application Package to the Pipeline Administrator (see Additional information page for details).

Existing Pipeline Street Crossing Permit Application Package must include:

- New Application

The application form must be signed by owner or officer of the company. If the application is not completed properly, the applicant is responsible for correcting and returning within the allocated time. Fax or email versions will not be accepted.

- Insurance

Certificates of insurance or official documents showing that permittee satisfies the self-insurance requirements by Section 40-234(p), Code of Ordinances.

- Fees

All fees in according with Sec. 40-234. (f) Article IX of Chapter 40 of the Code of Ordinances, Houston, Texas states permittee shall pay fees to the city on or before the stated due date.

Pipeline Coordinator reviews all submitted documents and maps/drawings and notifies applicant of any deficiencies in the street crossing package.
